**WHEREAS**, all requirements of Part 3C, Chapter 160A, Article 19 of the North Carolina General Statutes, preceding the adoption of this ordinance, have been complied with.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF RALEIGH, NORTH CAROLINA THAT:**

**Section 1.** The property designated as the Truman & Annie Laurie Williams House and Gardens, in the planning jurisdiction of the City of Raleigh, North Carolina, be and is declared a Raleigh Historic Landmark. Said property being more particularly described as follows:

The property located at 910 Harvey Street, Raleigh, NC, owned by Williams, Annie Laurie Snow Trustee, that property described in deed book 11917, page 0762 recorded in Wake County Registry, comprising .68 acre.

**Section 2.** Those elements of the property that are integral to its historical, prehistorical, architectural, archaeological and/or cultural significance or any combination thereof are as follows:

The two-story house, gardens, and the .68 acre upon which they sit. Designed by Jerome Robert Cerny, the Williams House is a rare example of the Norman French style in Raleigh. The asymmetrical form of the house is composed of a central round entrance tower with a conical roof (characteristic of the style), a main steeply pitched hip roof, a secondary hip roof that is perpendicular to the main, and a front-projecting garage ell with a dual-pitched hip roof. The house is built of Wake Co. granite, with a multicolored slate tile roof arranged in a staggered pattern and wood windows and doors. A series of copper clad arched dormers with wood casement windows light the second story of the house, while one dormer with a hipped, slate tiled roof lights the attic. The house features very fine materials and excellent workmanship, having been built by John F. Danielson, a locally prominent builder of estate homes.

The designed landscape by Charles F. Gillette, one of the most prominent landscape architects of the Southeast in the 20th century, is based on formal French gardens. The garden design and materials, including granite, slate, gravel, brick, and concrete, compliment the house and unify the architecture and landscape. A granite wall defines the front property line and is cut by two arched wooden gates that open onto the front walkway and the motor court. The front yard and west side yard are composed of a series of walled and hedged formal garden spaces. The rear yard is mostly an expanse of lawn, overlooked by a slate tiled patio and rimmed by naturalistic beds. The east side yard features a brick breakfast terrace with a fountain pool and the walled motor court. The landscape is designed around a primary axis that stretches from the front gate, to the front door, through the foyer and dining room, across the patio, down an allée of crepe myrtles to a granite and slate gazebo at the back of the property.

**Section 3.** No portion of the exterior features of any building, site, structure, or object (including walls, fences, light fixtures, steps, pavement, paths, gazebo, patio, or any other appurtenant features), significant landscaping, trees, nor above ground utility structure located on the hereinbefore described property that is designated in this ordinance may be altered, restored, moved, remodeled, or reconstructed so that a change in design, material or outer appearance occurs unless and until a certificate of appropriateness is obtained from the Raleigh Historic Districts Commission or its successors; provided however that the Raleigh Planning Director or designee may approve certificates of appropriateness for minor works as listed in the Bylaws and Rules of Procedure of the Raleigh Historic Districts Commission.

**Section 4.** No building, site, structure, or object (including walls, fences, light fixtures, steps, pavement, paths, or any other appurtenant features), trees, nor above ground utility structure located on the hereinbefore described property that is designated in this ordinance may be demolished unless and until either approval of demolition is obtained from the Raleigh Historic Districts Commission or a period of three hundred sixty-five (365) days has elapsed following final review by the Commission of a request for demolition (or any longer period of time required by N.C.G.S. 160A-400.14 as it maybe amended hereafter); provided however, that demolition may be denied by the Raleigh Historic Districts Commission in the event that the State Historic Preservation Officer determines that the building, site, or structure has statewide significance as provided by N.C.G.S. 160A-400.14.

**Section 5.** The Raleigh Historic Districts Commission shall have no jurisdiction over the interior features of the property.

**Section 6.** All owners and occupants of the property hereinabove described, whose identity and addresses can be ascertained by the exercise of due diligence shall be sent by certified mail a copy of this ordinance.

**Section 7.** This ordinance shall be indexed after the property owner's name in the grantor and grantee indexes in the Office of the Register of Deeds of Wake County.

**Section 8.** City administration and the Raleigh Historic Districts Commission are hereby authorized and directed to have erected an appropriate sign on the site hereinabove described setting forth the fact that said site has been designated a historic landmark by action of the Raleigh Historic Districts Commission and the City Council of the City of Raleigh provided, should the owners of the hereinabove described property not consent to the erection of said sign on the described premises, City administration and the Raleigh Historic Districts Commission are hereby authorized and directed to have said sign located on the public right-of-way adjacent to said property.
